NPL Draft Conformity Determination Draft EPA Comments 10-3-2016.docx

Hi Tim,

Here's that document that Melissa created with your comments. I think the idea was that she did this because Charis asked for track changes. I leave it up to you as to whether you take that approach or something different or perhaps a combination.

Thanks so much and sorry for the misread, again, on that comment.

Best,

Chris

Hi Chris – as promised, here is the BLM's document with our edits and comments in track changes. I think I had already addressed Scott's suggested modification to Tim's first comment, but you can check it out in the attached to be sure.
